

SALAMANDER

Le Maitre®
PYROTECHNICS & SPECIAL EFFECTS

A great canister-based flame effect

The Salamander is a great canister-based flame effect. Single continuous flames or bursts are fired up to 10ft in height with visually stunning lightning fast chases. Fluid canisters are available in multiple colors - natural, red and green.

The compact footprint has been designed to allow up to four units to be coupled together to product an impressive flame ball effect, or a single combined flame up to 20ft.

A unique firing system eliminates internal valves and accumulators so gas never remains in the system once the canister has been removed. Safety is further enhanced by a tilt-sensor and ignitor monitoring.

FEATURES

- Flame height up to 10ft (x 1 unit) to 20ft (x 4 units)
- 30 secs of continuous flame or up to 50 short bursts
- Compact design
- Modular - easy coupling of up to 4 units
- Canister flamefluids
- Colored fuels - red/green/natural
- Fuels types - propane/butane/ethanol/methanol
- Onboard programming
- 2 channel DMX
- Reliable hot surface flame ignition
- Safe - no internal valves or accumulators
- Tilt safety switch (can be disabled)
- Easy to use LED display
- External display for remote monitoring
- Warranty - 12 months*
- Made in the UK

* Use of fluids other than Le Maitre will invalidate the warranty

SPECIFICATION

SIZE: 20.5"(H) x 7"(W) x 8"(O)

POWER: 120V, 50/60Hz, 250W, 6.3A

WEIGHT: 18 lbs

COLORS: Natural, Red, Green
