

ScentFX Sleeves & Fan

- Eco-friendly ScentFX is made with natural ceramic or recyclable polymer beads.
- The patent pending DRY system is very easy to use - no liquid, no mess, no lingering odour or oily residue.
- ScentFX is THE most economical and effective event scenting system available.
- One ScentFX attachment package (2 sleeves) will scent a space of up to 4000 sq. ft. for at least 12 hours.
- Use indoors or outdoors, ScentFX fans may be powered with batteries or AC adapter (included with fan).
- Scents are formulated to meet national and global safety guidelines.
- Choose from our comprehensive library of scents or let Scentevents® design a custom scent just for you.

Step 1: Remove contents from Package For Rentals, keep the package to return product following use. Be sure to use enclosed return UPS Label.

Step 2: If using batteries, insert x8 D cell batteries into Fan.

Step 3: Attach one or two Scent Sleeves to back of fan with Velcro tabs (sleeves can also be taped onto back of fan if using your own fan).

Step 4: Turn Fan "on" to desired fan speed intensity - Low or High
