

## ScentFX LeMaitre MVS Hazer Sleeve

- Eco-friendly ScentFX Sleeves are made with natural ceramic beads.
- Custom designed for the LeMaitre MVS Hazer system.
- The patent pending DRY system is simple and easy to use - no liquid, no mess, no lingering odor or oily residue.
- ScentFX sleeves are the most economical and effective event scenting system available.
- One ScentFX Hazer sleeve will scent a space of up to 2000 sq. ft. + for approx. 10-12 hours.
- Use indoors or outdoors, perfect for large venues such as theaters, arenas and stadiums.
- Scents are formulated to meet national and global safety guidelines.
- Choose from our comprehensive library of scents or let Scentevents® design a custom scent for you.

**Step 1:** Remove ScentFX Hazer Sleeve(s) from package.

**Step 2:** Attach Hazer Sleeve across air intake. Attach with tape or use Velcro tabs for Hazers with Velcro strips.

**Step 3:** Turn Hazer on and adjust speed level for desired effect.

**Step 4:** Scent Your Event!

ScentFX Hazer sleeves can also be attached to fans, air movers or placed inside HVAC ducting. They are very versatile and effective for a wide range of applications and scent effects. Scent sleeves can be stored in an air tight container or bag for future use.

**ScentFX Hazer Sleeve specs:**

Size: 8" long x 3" wide each

Shipping weight 1lb.

**WASH HANDS THOROUGHLY WITH SOAP AND WATER AFTER USE.** Do not ingest. Contains fragrance/essential oils. Avoid contact with eyes, skin, or clothing. May irritate eyes & skin. Do not place near open flame or heat. Avoid contact with furniture & painted surfaces as oil may cause staining or damage.
